School Introduction:

Perkiomen School, located in Pennsylvania, is a private, boarding and day school inspiring students in grades 6-12 and post-graduates to risk becoming their best. Perkiomen is the only college preparatory school in the Mid-Atlantic that balances the search for a fulfilling life with the demands of the new economy.

School Facilities:

Perkiomen School's Innovation Center hosts the Entrepreneur Institute, offering rapid prototyping tools, tech, and creative labs. Its Medical Institute provides insights into healthcare careers, while the Artificial Intelligence Institute focuses on emerging tech learning. The campus features science labs, a gym, an indoor pool, and athletic facilities.

Signature Program:

Entrepreneur Institute :

The mission of the Entrepreneur Institute at Perkiomen School is to make a liberal arts education relevant to students through rigorous application.

Artificial Intelligence Institute :

The mission of the Artificial Intelligence Institute is to help students understand how the interaction and application of emerging technologies impact their lives. In the scope of liberal arts education, we want our students to think critically and broadly.

Design Institute :

In Design, Perkiomen School and collaborating institutions will guide students in developing their inner organizational and creative skillsets, in a methodology often summarized as empathize, define, ideate, prototype, test, and implement.

Medical Institute:

The mission of the Medical Institute is to encourage students interested in Medical and STEM professions to pursue their passions.
